- We introduced our focus for the meeting: choosing our School Council focus for the year.
- We worked in small teams to gather ideas about – 'Healthier School', 'Happier School' and 'Greener School'.
- We discussed which theme we had the most ideas for (Happier School) but that many of our ideas relate to each other.
- We decided that our main focus would be 'Looking after ourselves'. We will focus on promoting positive mental health and how being healthy and looking after our world can also have a positive impact on our mental health.
- Next week will come together to discuss our first campaign.

Next meeting: Friday 1st October 2021
